INTRODUCTION

BIG EASY was delivered in 2002 by the renowned Dutch shipyard Royal Hakvoort in Monnickendam. Founded in 1919, the family-owned yard has earned a reputation for crafting high-quality, custom superyachts with timeless lines and robust engineering.

Measuring 44.6 metres, Big Easy combines classic Northern European craftsmanship with elegant proportions and a warm, inviting interior. Her exterior was designed by Diana Yacht Design, while the interior bears the signature of acclaimed studio Winch Design.

Following major refits in 2015 and again in 2021/22, she now features updated systems, refreshed styling, and modern amenities – offering comfort, reliability, and understated luxury for extended cruising worldwide.
